Town & Country Bedrooms

Made to Measure Bedrooms,
Home Office & Sliding Door Wardrobes

Thank you for looking at our latest and most innovative range of fitted furniture from Town and Country Bedrooms. We're keen to make sure you get the furniture you want so we now have over 1000 variations in colour and style for you to choose.

Town and Country have been installing fitted furniture for over 20 years, so when it comes to making the best use of even the most unusually shaped rooms we are the specialists with ingenious solutions to give you maximum storage.

Our design and installation team are all highly experienced and our service is second to none. Our professional team will create a bespoke bedroom or office tailored to your needs and your lifestyle. So when you choose to commission Town and Country Bedrooms to design and install your furniture, you can be assured of our attention to detail and our guarantee of quality.

We are now delighted to offer one of the largest ranges of sliding door wardrobes in the UK with thousands of tailor made choices just for you. Don't forget to visit both of our websites for more ideas.

Remember this is only a selection of our designs, as we constantly update and add to our range. Please see our showroom and professional design team for the most up to date and complete range of made to measure furniture.

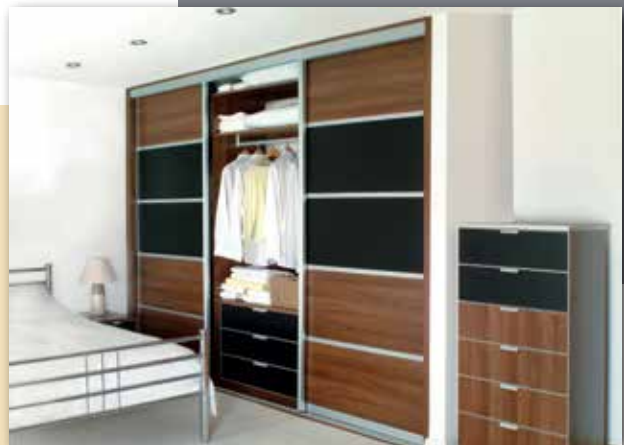

How to choose your perfectly fitted furniture

Our professional design and installation team will design and fit to your exact requirements. We have solutions for sloping ceilings and difficult corners for both bedrooms and home offices. Remember, we make genuine made to measure units.

If you would like to see installations in our customers homes then visit www.townandcountrybedrooms.co.uk and click on "View our Work" for more ideas.

1. Call us on 01656 657526 to make an appointment to measure at your home.
2. We will call at your convenience and survey your room and listen to your ideas and offer assistance where required.
3. We will produce a set of detailed plans using the latest design software and of course a quotation so you know the costs at the outset.
4. Visit our showroom and choose from the huge range of styles and colours.
5. Let our experienced team install your new fitted furniture.
6. Sit back, Relax and Enjoy your new room!

Tuscany

...easy living

Tuscany has a soft bevelled edged finish which graces modern & traditional homes alike. Whatever your style Tuscany looks the part.

Painted Oak Style

...setting the trend

Our painted oak style doors come in 8 colours. You can choose any design of door in our range plus we now make a complementary range of sliding doors to match. Smart looks and clever planning create great rooms.

Shaker

...timeless classic

Shaker looks great in a whole variety of finishes. Shown here in white (above) and Pippy oak finish (right). Available in around 50 different finishes. Choose your own handles for that perfect look.

Derwent

...traditional and smart

Derwent is the epitome of the traditional fitted bedroom. Often in ivory, whites and creams, it also looks perfect in oak shades.

Ascari

...clean modern style

Ascari has an integrated satin chrome coloured handle for that modern look. Light woods are always popular in this style but all gloss colours, both light and dark, create that striking look.

Aviemore

...striking and fresh

Elegant yet smart, Aviemore has that contemporary feel with stylish steel handles, although the choice is yours.

Shown here in Sandy Birch finish, but like all our ranges, available in over 50 finishes.

Treviso

...make a statement

Modern, sharp, stylish. That sums up Treviso. Looks great in all colourways but striking with walnut or oak carcasses and high gloss doors. Long cool steel handles finish the look.

Treviso also looks good with contrasting carcasses and plinths. Shown here in Hacienda White with grey gloss plinths. Setting the trend....

Classic Sliding Doors

...made to measure just for you

Sliding doors often give optimum storage in tricky situations. Our Classic system does just that. All of our fitted sliding doors are made to measure and virtually silent in operation. They glide at a touch and with mix and match mirror, woodgrain and glass panels you can create that look that is unique to you.

Sorrento Sliding Doors

Sorrento goes one step further. Not only with all the features of the Classic, the Sorrento can be made with angled doors for those awkward spaces. Plus Sorrento comes in 5 attractive frame colours as well as cool aluminium.

Volante Sliding Doors

...If it's style you're after

Volante is superb. Choose from cool aluminium or unique lacquered bronze frames and co-ordinate with the latest and most innovative door finishes available.

Choose from glass, mirror, and textured panels with perhaps woodgrain or even suede style finishes to create that dream room.

Napoli Sliding Doors

...It's all in the detail

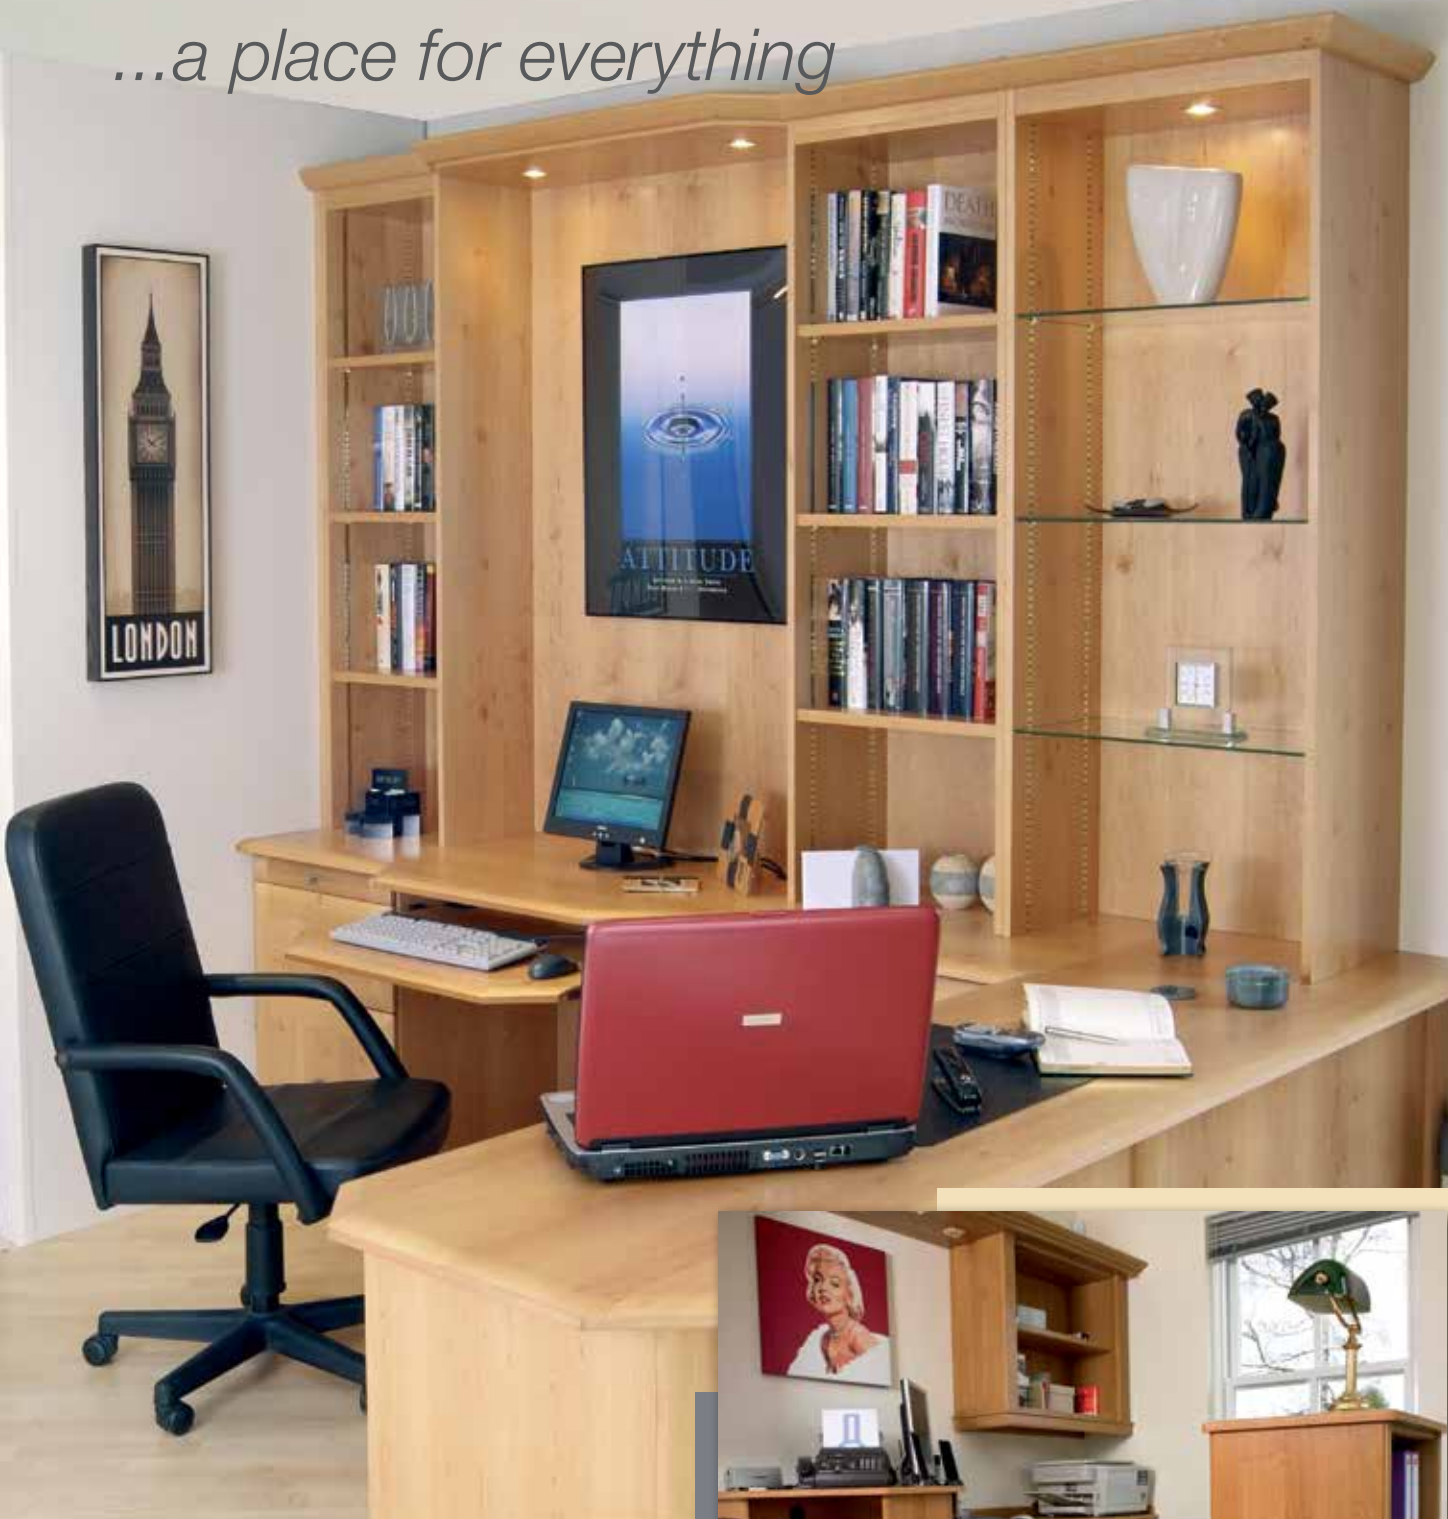

Napoli's high quality aluminium frame profiles are the best in the industry. Napoli sets the scene. Smart doors that completely integrate with our hinged door systems.

Home Office

...a place for everything

Getting maximum storage from your personal workspace is paramount. That's where we come in.

Clever items like bookcases, filing cabinets and specially shaped worktops can all be incorporated to make a versatile & smart workplace in your home. We will make sure there's a place for everything.

Made just for you

At Town & Country Bedrooms we currently have around 65 fantastic finishes for each style of hinged door that we offer.

There are dozens of glass and wood panel finishes available for our sliding doors too. The choice is quite simply vast. To make that special space unique to you, we have a great range in handles to perfect your fitted furniture....

Finishing touches...

Make it your own

So you've chosen the wardrobes you want & the plans look good. Now's the time to personalise the wardrobe and make it work for you.

Functional items like tie, shoe & belt racks are all useful. Interior drawers are often a must. Double hanging rails maximise storage for shorter length garments. Perhaps some halogen or LED down lights will give the room the tranquillity you desire. Interior or exterior mirrors are also an option, just tell us what you need.

Now for something completely different

Not only are we fitted furniture specialists, we also import high quality wardrobe systems from Germany's leading manufacturers.

These superb wardrobe systems are assembled on site by our professional installation teams but not permanently fitted, so can move house if you do. Uber style at super prices.

We are with you all the way...

Design...

Manufacture...

Install...

...the complete service

Our 10 year quality guarantee

We want you to be happy with your fitted furniture for years to come. That's why we offer a 10 year guarantee on all installations carried out by our approved installers.

Please ask for our Terms & Conditions.

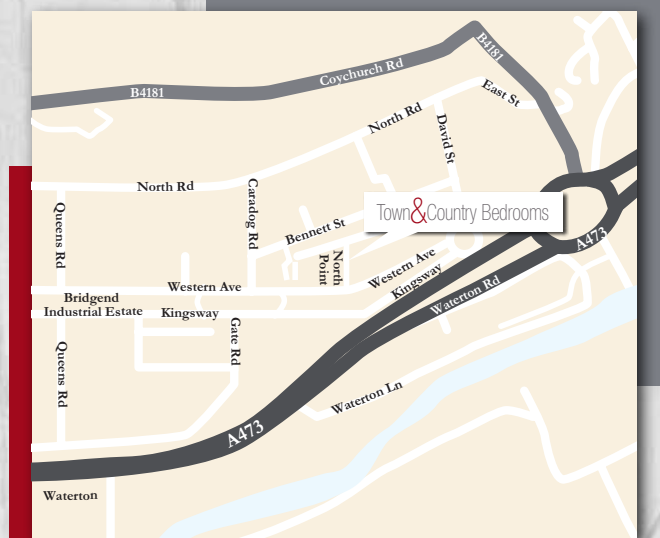

Colours shown are as accurate as the photographic and printing process allows. Visit our showroom or consult our design team for colour samples. Wood colours where mentioned are man made finishes not real wood.

View our work online

It's always nice to look at a brochure, however it's even better to look at real work we've completed in our customers homes. That's why you can visit our website and click on "View our work". There are always dozens of installations to look at and give you ideas of real life situations rather than just brochure pictures.
